Festival Friday

Huzzah! Welcome to our Village and to our Festival Day. Queen Katherine has lost her mirth; life in London – the stuffy politics, the stiff codes of etiquette and decorum, and the pointless palace intrigue – has drained away her joy. To raise her spirits, King Henry has charged the Master of the Revels to arrange a Festival day. Today is that Festival day! The Queen is coming to this Village to take a hiatus from the stoic and worrisome world, and instead, to enjoy the simple pleasures of music and dance, the deliciousness of good food and beverage, and the uncomplicated camaraderie of the common people whom she loves so much. And, like the Queen, we invite you to escape from your everyday world and revel with us in this frivolous and frolicking Festival day!
